### TO WHOMSOEVER IT MAY CONCERN

#### **Students training in specialized clinics during their program**

ACDS provides an excellent platform to students for specialized training through the following dedicated special clinics

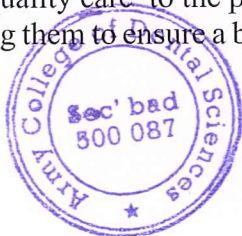

| Sr No | Name of the Special Clinic      |
|-------|---------------------------------|
| 1     | Comprehensive Clinic            |
| 2     | Implant Clinic                  |
| 3     | Geriatric Clinic                |
| 4     | Special Health Care Need Clinic |
| 5     | Tobacco Cessation Clinic        |
| 6     | Esthetic Clinic                 |

#### **1. Comprehensive Clinic**

The integrated clinic is a multispecialty dental clinic where all the specialty dental care is provided at one place. Faculty and interns are posted from all departments on rotatory basis in the clinic (annexure 1 attached).

#### **2. Implant Clinic**

The Implant clinic caters to the placement of dental implants and enhances multidisciplinary learning as faculty and post graduates from four different departments ( Dept of Prosthodontics, Dept of Oral and Maxillofacial Surgery, Dept of Periodontics, Dept of Orthodontics) work together to provide quality care to the patients who have lost their teeth and related oral structures thereby rehabilitating them to ensure a better quality of life. The implant clinic is well equipped with physio

dispensers and different implant surgical and prosthetic kits, specialized equipment kit ( Piezo and sinus Lift). The clinic maintains a stock of implants with all components for implant placement and prosthetic rehabilitation. Team implantology at ACDS facilitates implant training for oral rehabilitation.

### **3. Geriatric Clinic**

Geriatric dentistry deals with the delivery of dental care of older adults involving diagnosis, prevention, management and treatment of age associated problems. This Clinic is an essential part of Dept of Prosthodontics and is equipped specially to handle elders above 65 yrs. All age related dental issues are dealt in the clinic. Patients are treated with utmost care, keeping in mind the age related systemic issues and co - morbidities.

### **4. Special Health Care Needs Clinic**

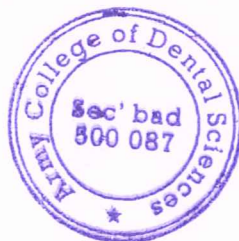

The Special care need clinic recognizes that providing both primary and comprehensive preventive and therapeutic oral health care to individuals with special needs and intellectual disabilities. The clinic ensures optimal attainment of oral health care. This clinic is part of Dept of Pedodontics.

### **5. Tobacco Cessation Clinic**

Tobacco Cessation clinic is an integral part of Dept of Public Health Dentistry where the services offered include individual intervention in the form of behavioural counselling. In this clinic we also intend to create awareness about the negative effects of tobacco (smoke and smokeless tobacco) by conducting various tobacco cessation programs.

### **6. Aesthetic Clinic**

The aesthetic clinic is a part of Dept of Conservative Dentistry and Endodontics and is actively involved in restoration of form and function thereby resulting in aesthetic enhancement of teeth. Smile design and smile makeover of teeth is carried out using some of the following procedures; teeth whitening procedures, Veneers, restoration of decayed tooth with tooth coloured restorative materials (Biomimetic restoration) and restoration of fractured tooth.
