**Program summary, analysis & recommendation**

On April 18 and 19, 2023, ACDS, in association with Sri Ramachandra Institute of Higher Education, hosted a faculty development program on fundamental dental technologies. The entire program was planned and executed by the DEU, SAF, and PIDT committees.

The program was attended by 40 members in total, including Senior lectures, Readers, and Professors.

Dental Officers from MDC Secunderabad, Bolarum and Golconda also attended the workshop.

**DAY 1**

The program began with the lighting of the lamp, followed by introduction of the speakers.

Dr. Narsimman began the first lesson with a brainstorming session. Group exercises were used in the icebreaking session.

Dr. Rupa took the next session on Effective clinical and practical skill teaching. This was followed by a lecture on Writing Outcomes, Developing Outcomes from competencies including

Principal

Workshop on writing outcomes by Dr. Vamsi Lavu.

Dr. Devi then spoke about Interactive and Innovative teaching methods.

The entire day one session focused on workshops and teaching strategies that were student-centric.

**Day 2**

Day 2 was an early session that included modern techniques for evaluating students' proficiency in dentistry.

Dr. Ram Sabarish Introduced the attending participants to assessment protocol. He also shared how to develop a plan for internal assessment and formative assessment.

Dr. Priya then took the session on Assessment planning and quality assurance. She also reiterated the importance of Writing the correct essay question, short answer question and MCQ in alignment with learning outcomes.

For practice, worksheets on framing competencies in skill assessments and learning outcomes were provided.

All participants agreed that the OSCE quiz and the quiz on memes were the most interesting activities. Most of the attendees emphasized the need for follow-up sessions and more practical training.
