Website: www.acds.co.in Email : army_c@rediffmail.com

NAAC Accredited 'A' & Certified ISO 9001 : 2015 & ISO 14001 : 2015

Special programs for Slow Performers:

- **Remedial Classes** are conducted for slow learners as additional classes in the required courses to reach the expected leaning level.
- **Improvement tests** for improving their performance in Internal Assessment examinations.
- **Counselling Sessions** are conducted regularly by allotting an hour in the time table allotting 15-20 students to a Psychologist. Faculty maintains individual mentor diaries for each student to record the regularity, student academics, extra and co-curricular activities. Apart from counselling, expert lectures in personality development are conducted regularly to counsel the students on placements, higher studies and stress management.

Special programs for Advanced Learners:

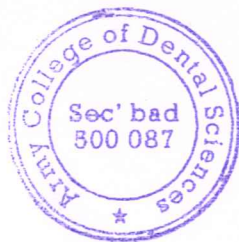

The following programmes are taken up to prepare for their readiness to the higher levels of learning in the respective discipline of study.

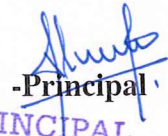

- Motivated to concentrate fully on job oriented trainings to get better placements.
- Encouraged to mold their ideas into design and development of innovative models.
- Guided to participate in various conferences/seminars, quiz competitions, paper or poster presentations.

Encouraged to become members of professional bodies to appear for competitive exams, to participate, organize inter college symposiums.

Protocol to measure Outcome:

- Continual Internal Assessment through tests, discussions and viva-voce
- University examinations

Feedback summary	The training program met the expectations of attendees in terms of organization of the lecture and hands on, meeting of training objectives, time allotted, material and content along with delivery of presentation by the speaker. Minor inconveniences were expressed in relation to catering.

<p>Program summary, analysis & recommendation</p>	<p>Program Summary: The program was a combination of lecture, and hands-on training of BLS, followed by a lecture on Medical emergencies faced in Dental chair.</p> <p>Program analysis: The programme was a success, reflected by the attendance of staff members, postgraduates & undergraduates alike. the programme began with an overview of oral and maxillofacial surgery as a speciality and a pre test regarding the basic knowledge and awareness regarding Basic Life Support. This was followed by a complete and comprehensive review of BLS by Dr. Ramakanth Reddy Dubbudu and lecture on medical emergencies in dental chair and how to manage them along with citing of some real life examples by Dr. K.V. Ramana Reddy. After a short refreshments break, Hands on training was commenced followed by a test of participants regarding what they have learnt..</p> <p>Future Recommendations: Courses like BLS should be conducted as a non-working day to ensure maximum attendance as it is a valuable life skill.</p>

STUDENT EDUCATION PROGRAM

MODERN DAY ORAL HYGIENE AIDS

BY- DR. NAVNEET KAUR

DATE: 1ST AUGUST 2019
TIME: 10:00 am onwards
VENUE: LECTURE HALL 4

PG students, staff members of all the departments.

Resource Person Details:

NAME: Dr Navneet Kaur
DESIGNATION: Senior Lecturer
DEPARTMENT: Periodontics

Dr Navneet Kaur has done his MDS in PERIODONTICS from Army College of Dental Sciences in 2020. She is currently working as a Senior Lecturer in department of periodontics in Army College of Dental Sciences, Secunderbad.

Report

A Post graduate Student Education program was organized by Department of Periodontics on 6th June 2018 by the Department of Periodontics at Lecture Hall 4, Army College of Dental Sciences, Secunderabad under the guidance of **Dr Ajay Reddy**, reader, Department of Periodontics.

The program included a lecture on MODERN ORAL HYGIENE AIDS by Dr Navneet Kaur.

The program also included a Quiz held by the department where students from all the departments participated and winners were awarded with a certificate and prizes.

The program was attended by head of the departments, post graduates of all the departments and interns. The program was highly appreciated and received excellent feedback from the participants. Program was followed by an interactive session in which doubts of students related to the lecture were answered and it turned out to be a knowledge worthy experience to the participants

Resource Person's Details

NAME: Dr Ajay Reddy P

DESIGNATION: Reader

DEPARTMENT: Periodontology and Implantology

EMAIL/CONTACT INFO: reddyajay56@yahoo.in

Dr Ajay Reddy has done his MDS in PERIODONTICS from SRMC dental college in 2009. He is currently working as Reader, department of periodontics in Army college of dental sciences, Secunderbad. Along with being a guide for post graduates, he teaches periodontics to BDS students.

Report

A program was held by Department of Periodontics on the occasion of ORAL HYGIENE DAY on 1st August 2017 in Lecture Hall 4, Army College of Dental Sciences, Secunderabad. The program included a Lecture on Oral Hygiene and its importance. The lecture was followed by a poster competition by the students of department of periodontics where students displayed their art on topic “the importance of Oral Hygiene and how to approach the people to maintain oral hygiene”. The winners were awarded with a prize.

The program also included a Quiz held by the department where students from all the departments participated and winners were awarded with a certificate and prizes.

The program was attended by head of the departments, post graduates of all the departments and interns. The program was highly appreciated and received excellent feedback from the participants. Program was followed by an interactive session in which doubts of students related to the lecture were answered and it turned out to be a knowledge worthy experience to the participants.

The lecture was conducted by Department of Conservative Dentistry and Endodontics at lecture hall 4 on 17th Feb 2016. The topic of the lecture was Rotary Endodontics and was delivered by Dr. Pallavi Reddy. She discussed the variations in root canal anatomy of teeth, the importance of cleaning and shaping and the instruments used in cleaning procedures. She elaborated on the manufacturing and usage of various rotary instruments.

ROTARY ENDODONTICS

Dr. Pallavi Reddy

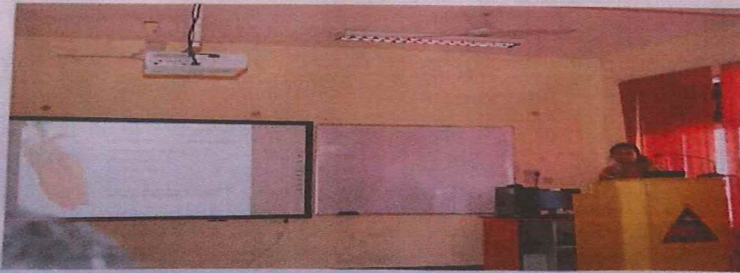

Reader

Department of Conservative Dentistry and Endodontics

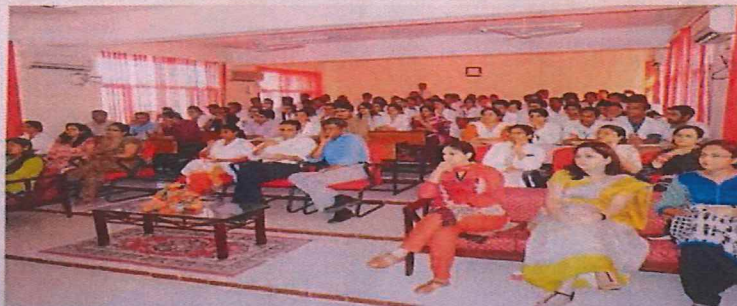

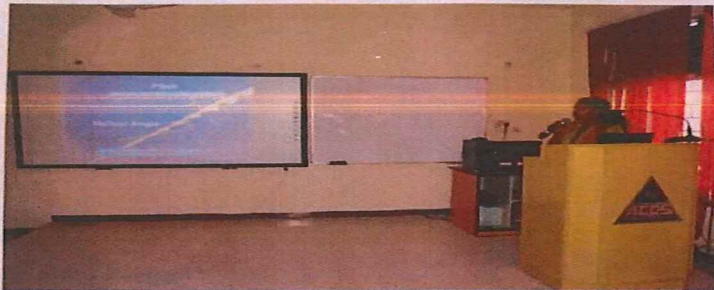

Army College of Dental Sciences

Secunderabad

The lecture on "Rotary Endodontics", discussed the variations in the root canal anatomy of the teeth, importance of proper cleaning and shaping and the instruments used for the cleaning procedures.

The basic principles in the design and the implications of the rotary instruments were discussed. The technique of the use of rotary instruments, with the description on the speed and torque for different instruments was highlighted.

Towards the end of presentation a video was shot in the department under the dental operating microscope, demonstrating the method of canal negotiation and cleaning and shaping procedure using new rotary system.

A handwritten signature in blue ink, appearing to be 'C.P.' or similar initials.

ABOUT THE SPEAKER

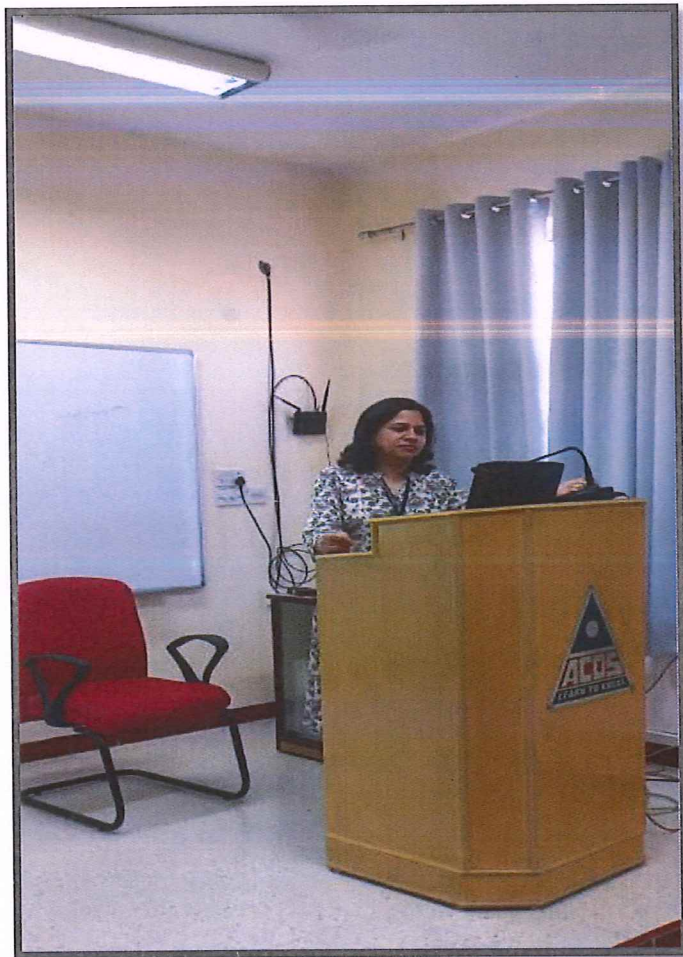

Dr. Mamta Kaushik is Professor and Head of Department of Conservative Dentistry and Endodontics in Army College of Dental Sciences, Secunderabad, Telangana, India. She has done her BDS and MDS from Government Dental College and Hospital, Ahmedabad. She is an active researcher with numerous International and National publications to her credit and is peer reviewer for prestigious journals. She is the founder editor of the newsletter of IACDE. She is also contributor to a textbook of Endodontics. She has received “Award of Honour” of IACDE 2018 for Academic Excellence. She is also the Editor in Chief for Journal of Army College of Dental Sciences.

REPORT

A lecture on “ ENDODONTICS AND HOW TO DO IT ” was organized on 27TH AUGUST 2016 by the Department of cons and endodontics at lecture hall no. 4, Army College of Dental Sciences, Secunderbad

The lecture was given by Dr Mamta kaushik Reader, Department of Periodontics. The lecture comprised of detailed explanation of various endodontic procedures including the recent advancements. The lecture also included case reports for the better understanding of prognosis of the treatment. The lecture was highly appreciated and received excellent feedback from the audience. Lecture was followed by an interactive session in which doubts of students related to the lecture were answered.
