Hands-on Workshop – Inhalational Nitrous Oxide Sedation

In Dentistry – 30th Nov 2019

The department of Oral and Maxillofacial Surgery and Pediatric and Preventive Dentistry, on 30th November 2019, conducted a CDE program and work shop entailing a one day lecture on Inhalational Conscious Sedation by Dr. AVSS Subramanya Kumar, Dr. D Ramakanth, Dr. KV Ramana Reddy and Dr. VVR Krishnamurthy V.

This was followed by demonstration and hands on workshop on Conscious Sedation and Basic Life Support.

Dr AVSS Subramanya Kumar is the HOD and senior consultant anesthetist at Sri Sai Dental College and Hospital, Vikarabad. Dr D Ramakanth Reddy is professor, dept of Oral and Maxillofacial Surgery, SVS Institute of Dental Sciences, Mahabubnagar. Dr KV Ramana Reddy is Principal and Head of Dept of Oral and Maxillofacial Surgery, Army College of Dental Sciences. Dr VVR Krishnamurthy V is Senior lecturer at Dept. of Pediatric and Preventive Dentistry at Army College of Dental Sciences.

Dental fear and anxiety is a very common problem not only in pediatric patients but also in a considerable number of adults. Conscious sedation has gained a lot of popularity in the past few years and the field is rapidly changing. It is a technique in which a sedating medication is given in order to reduce anxiety and perform appropriate procedures on a patient. The overall goal is to induce a decreased level of consciousness while maintaining the patient's ability to breathe on their own.

The schedule of the conference was as follows:-

REPORT OF THE PROGRAM

A two-day workshop on BICON-MINI IMPLANTS was conducted at Army College of Dental Sciences, on 19TH & 20TH January 2020 at Sushruta auditorium by the Departments of Oral Implantology. The organizing committee constituted the Staff and PGs of Department of Oral and Maxillofacial Surgery, Department of Periodontics and Department of Prosthodontics. The course directors Dr G Srinivas Reddy- Country Head, Bicon-India, Dr KV Ramana Reddy- Principal, Prof& HOD, OMFS, Dr G Ajay Kumar- HOD, Prosthodontics, Dr Sanjay Vasudevan- HOD, Periodontics guided and motivated us throughout the course and helped all the participants to benefit from this excellent opportunity to learn and practice the advanced dentistry.

The workshop was scheduled for two days with lectures, Hands-on session and a live-surgery demonstration. The registrations for the course started at 8:30 AM and the inauguration and a lamp lighting ceremony accompanied with a prayer song by our 2nd year student Miss Sneha B. was done in the presence chief guest Dr. Pramod Kumar G., Member DCI, International Speakers Dr Vincent J Morgan, DMD & Dr Laura Murcko, DMD, Dr G Srinivas Reddy, Country Head, Bicon-India and our principal Dr KV Ramana Reddy.

The scheduled lectures by international speakers took place from 9:30 AM and continued till 01:00 PM with a tea break in between. Post lunch session was occupied by a live-surgery demonstration which was performed under the guidance of Dr Vincent J Morgan & Dr Laura Murcko for a better understanding of the procedure and it was witnessed by participants in the auditorium on a LED screen. After a short tea break, the participants attended the hands-on session which was conducted in the pre-clinical laboratory of the Department of Conservative Dentistry. The same schedule was followed on the day 2 as well.

The certificate distribution was done on day 2 and it was handled by the Department of Periodontics. A positive feedback was received from the participants at the end of the course.

Namana
(Dr K V Ramana Reddy)
Principal

The program started with the inaugural ceremony and welcome note by Dr. K V Ramana Reddy, Principal ACDS followed by an address by Dr. V Krishnapriya, HOD, Department of Pedodontics and Preventive Dentistry.

The first lecture was by Dr. Srinivas Namineni on "Conscious Sedation" and the second lecture was by Dr. Chandrasekhar Yavagal titled "Laser Veda"

It was attended by 24 post-graduates from other colleges and 10 Post graduates, 27 interns and 31 faculty members from ACDS.

The lectures were highly informative and gave a fresh perspective towards patient management and latest treatment options to both students and staff alike. The workshop involved demonstration of diode lasers for various applications. The hands on course included soft tissue cutting on tomatoes and goat mandibles, disinfection of root canals on extracted teeth.

The program received a mixed feedback. While everyone enjoyed the lectures, there were a few reviews regarding a lack in the setup of laser equipment for the hands on workshop.
