### List of papers published by faculty in the academic year 2016-17

| S.no | Research Base | Publication Type  | Publication Title                                                                                                                                                                | Author-name      | Journal-name                                 | Year    |
|------|---------------|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|----------------------------------------------|---------|
| 1.   | PUBMED        | Original Research | Marginal microleakage properties of active bioactive restorative and nanohybrid composite resin using two different adhesives in non-carious cervical lesions- an invitro study. | Mamta Kaushik    | Journal of West African College of Surgeons  | 2016-17 |
| 2.   | PUBMED        | Original Research | Effect of Green Coffee Bean Extracts on Streptococcus mutans Count: A Randomised Control Trial.                                                                                  | Mamta Kaushik    | Journal of Clinical and Diagnostic Research. | 2016-17 |
| 3.   | PUBMED        | Original Research | Effect of Green Coffee Bean Extracts on Streptococcus mutans Count: A Randomised Control Trial.                                                                                  | Pallavi Reddy    | Journal of Clinical and Diagnostic Research. | 2016-17 |
| 4.   | PUBMED        | Original Research | Effect of Green Coffee Bean Extracts on Streptococcus mutans Count: A Randomised Control Trial.                                                                                  | Roshni           | Journal of Clinical and Diagnostic Research. | 2016-17 |
| 5.   | PUBMED        | Original Research | Effect of Green Coffee Bean Extracts on Streptococcus mutans Count: A Randomised Control Trial.                                                                                  | Neha Mehra       | Journal of Clinical and Diagnostic Research. | 2016-17 |
| 6.   | PUBMED        | Case Report       | Physiological root-end closure in a traumatized young permanent tooth using collaged particles as pulpal dressing                                                                | Krishna Priya V  | Journal of Clinical and Diagnostic Research  | 2016-17 |
| 7.   | PUBMED        | Case Report       | Physiological root-end closure in a traumatized young permanent tooth using collaged particles as pulpal dressing                                                                | CH Santosh Kumar | Journal of Clinical and Diagnostic Research  | 2016-17 |

|     |                        |                     |                                                                                                                                                                |                      |                                             |         |
|-----|------------------------|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|---------------------------------------------|---------|
| 8.  | PUBMED                 | Case Report         | Physiological root-end closure in a traumatized young permanent tooth using collaged particles as pulpal dressing                                              | G Shilpa             | Journal of Clinical and Diagnostic Research | 2016-17 |
| 9.  | PUBMED                 | Research article    | Efficacy of Natural and Allopathic antimicrobial agents incorporated onto guided tissue regeneration membrane against periodontal pathogens: an in vitro study | Dr. Sanjay Vasudevan | Journal of Clinical and Diagnostic Research | 2016-17 |
| 10. | PUBMED                 | Research article    | Efficacy of Natural and Allopathic antimicrobial agents incorporated onto guided tissue regeneration membrane against periodontal pathogens: an in vitro study | Dr. Ajay Reddy       | Journal of Clinical and Diagnostic Research | 2016-17 |
| 11. | PUBMED                 | Research article    | Efficacy of Natural and Allopathic antimicrobial agents incorporated onto guided tissue regeneration membrane against periodontal pathogens: an in vitro study | Dr. Rajani Kumar     | Journal of Clinical and Diagnostic Research | 2016-17 |
| 12. | PUBMED                 | Case Report         | Benign reactive lymphadenopathy associated with submandibular gland enlargement during orthodontic treatment                                                   | Prasad Chitra        | Journal of Oral and Maxillofacial Pathology | 2016-17 |
| 13. | PUBMED                 | Original research   | Photogrammetric correlation of face with frontal radiographs and direct measurements                                                                           | Prasad Chitra        | Journal of Clinical and Diagnostic Research | 2016-17 |
| 14. | PUBMED                 | Case Report         | Modified SARME (surgically assisted rapid maxillary expansion) in conjunction with Orthodontic treatment - A case Report                                       | Prasad Chitra        | Journal of Clinical and Diagnostic Research | 2016-17 |
| 15. | UGC                    | Clinical Innovation | A new combination mirror with a template for intraoral photography                                                                                             | Prasad Chitra        | Journal of Indian Orthodontic Society       | 2016-17 |
| 16. | PUBMED                 | Clinical Innovation | Clinical instrument refurbishment - A chairside technique                                                                                                      | Prasad Chitra        | Journal of Clinical and Diagnostic Research | 2016-17 |
| 17. | Scopus, web of science | Original research   | Evaluation of Skeletal Maturation in Lingayat Children                                                                                                         | Pradeep Raj          | Journal of international oral health        | 2016-17 |
| 18. | UGC CARE LIST          | Original Research   | Estimation of Age by Pulp tooth Area Ratio using Three Computer-Aided Softwares                                                                                | Dr. Seema Basoya     | Quality in Primary Care                     | 2016-17 |

|     |        |                                      |                                                                                                                      |                       |                                             |         |
|-----|--------|--------------------------------------|----------------------------------------------------------------------------------------------------------------------|-----------------------|---------------------------------------------|---------|
| 19. | PUBMED | Original Research                    | The Effect of Coconut Oil pulling on Streptococcus mutans Count in Saliva in Comparison with Chlorhexidine Mouthwash | Mamta Kaushik         | The Journal of Contemporary Dental Practice | 2016-17 |
| 20. | PUBMED | Original Research                    | The Effect of Coconut Oil pulling on Streptococcus mutans Count in Saliva in Comparison with Chlorhexidine Mouthwash | Pallavi Reddy         | The Journal of Contemporary Dental Practice | 2016-17 |
| 21. | PUBMED | Original Research                    | The Effect of Coconut Oil pulling on Streptococcus mutans Count in Saliva in Comparison with Chlorhexidine Mouthwash | Roshni Sharma         | The Journal of Contemporary Dental Practice | 2016-17 |
| 22. | PUBMED | Original Research                    | The Effect of Coconut Oil pulling on Streptococcus mutans Count in Saliva in Comparison with Chlorhexidine Mouthwash | Neha Mehra            | The Journal of Contemporary Dental Practice | 2016-17 |
| 23. | PUBMED | Original Research                    | The Effect of Coconut Oil pulling on Streptococcus mutans Count in Saliva in Comparison with Chlorhexidine Mouthwash | Aditya Marwaha        | The Journal of Contemporary Dental Practice | 2016-17 |
| 24. | PUBMED | case report                          | Rapid Maxillary Expansion to correct Palatal Fracture Malunion – A Case Report                                       | Dr. Sukhvinder Bindra | Journal of Clinical and Diagnostic Research | 2016-17 |
| 25. | PUBMED | Case report and Review of Literature | Intraosseous Leiomyoma of the Mandible: A Case Report of the Rare Entity and Review of Literature                    | Dr. Sukhvinder Bindra | Journal of Maxillofacial and Oral Surgery   | 2016-17 |
